The 1970 Capital City Figure Skating Club's Fourth Intra-Club Competition will bring together some of our finest skating talent in the Sacramento area. The participants in this year's competition will demonstrate their ability in the various compulsory moves and dances.

The triple repetition of each of the compulsory moves shows their mastery by the ease in which they are performed. The Free Skating Programs by the Singles and Pairs will demonstrate their ability to be athletic and interpret the music by combining the individual moves into a harmonious composition of steps, combination of jumps and spins, and in the case of the Ladies' Pairs, some interesting lifts.

The Dancers will skate some of the twenty-two compulsory dances listed by the United States Figure Skating Association. The ease and grace with which they perform the very difficult steps show that they have mastered the dances by demonstrating correct timing, control of steps, and dance positions.

We take pride in all our skaters in this Competition, many of whom have never before entered a competition, for we know the many hours of dedicated practice and physical discipline necessary to enter competition.

My very special thanks to the Officials, our guest artistic judges, and to my Competition Committee who have so generously given their time to make this a huge success.

Sincerely,

Nola Joy Ditmanson

Saturday Juniors

Skating sessions for beginning skaters are held
on Sturdays from 1:00 to 2:30 P.M., sponsored
by the Capital City Figure Skating Club. Group
instruction is given by Margot Wilcox. Parents
are invited to assist with the group.

CSFSC was started in 1941 by an enthusiastic group of
states. The original 20 members provided the start to
a club that is now some 145 members strong. The original
club had one session per week. School figures as we
know them were unknown. The original one session per
week has grown to 10 club sessions. Some of our club
sessions start at 6:00 A.M. The club has fostered many
shows, outstanding professional and amateur skaters.

ICELAND SKATING RINK WAS BUILT by Mr. and Mrs. William J. Kerth, Sr., and opened November 4, 1940. Mr. Kerth, Sr. passed away in 1949, and since that time the business has been owned and operated by Mr. William J. Kerth (Bill) and his sister, Mrs. Boyd O. Brandt (Eva), together with their mother, Mrs. Emily G. Kerth. Mr. Kerth's wife, Jean, and their six children also take an active part in the business.

Throughout the years the Kerth Family has stressed, "Fun for All The Family". This is much in evidence with three generations skating at Iceland since its opening thirty years ago. Many different sessions are offered at the rink in the various phases of skating pleasure, exercise, lessons, figure, hockey, speed, therapy.
